Ricardo Moura Vargas | Frontend Developer

I consider my self an honest and hardworking person. I am creative and I love to learn, I'm always looking for opportunities to learn new technologies and ideas. I'm also love to meet people and new places, this curiosity lead me to move to Ireland where I lived and studied english for 3 years.

As a developer, I've been working with web development over 6 years and I also have 2 years of experience developing native android apps. Nowadays I focused in front-end development.
